

SOLARWATT BATTERY ANGUILLA

What is Solarwatt home? SOLARWATT Home offers a complete clean energy system for your home: Generate clean electricity from the sun, convert and store excess energy for later with Inverter & Battery vision, charge your car with solar-optimised EV chargers ??? then manage your entire system on our app. Reliable and efficient: our glass-glass panels.

What is Solarwatt battery flex? With the SOLARWATT Battery flex, you can consume even more of your self-generated, clean energy yourself, even during power outages. This makes you even more independent of your grid provider and the current solar radiation. Thanks to integrated internet connection the system is automatically updated.

Why should you choose Solarwatt? Our high-quality solar modules form the powerful core of your system. It???s sensible to use as much of the electricity you generate as possible yourself. SOLARWATT???s energy management system allows you to use solar energy in the way that makes the most sense for you. Either automatic, or to your specifications.

What is Solarwatt's energy management system? SOLARWATT???s energy management system allows you to use solar energy in the way that makes the most sense for you. Either automatic, or to your specifications. It shouldn???t matter whether the sun is shining or not. Store excess solar power instead of feeding it into the grid, only to buy it back later at higher cost.

Who are BMW & Solarwatt? BMW and Solarwatt: Partners focused on quality. In BMW we have found the perfect partner to develop and manufacture a home energy storage system using automotive cells. These products are designed to meet high expectations in terms of function, performance and quality.
