Savannah Energy has pushed back the closing date in South Sudan, while flagging challenges in Niger and Nigeria. Savannah struck a deal to acquire Petronas" South Sudan assets in December 2022.

This transformative shift towards solar power not only mitigates climate change but also enhances energy resilience. With a reliable electricity source complementing the conventional grid, the hotel can navigate power outages and fluctuations while significantly reducing their carbon footprint and electricity bills.

Reports of a surprise deal by the government to acquire Petronas's oil and gas portfolio in partnership with a little-known American outfit have reinforced concerns about South Sudan's governance. Juba has backtracked on its initial claims about a \$3bn oil and infrastructure deal
