

SU PHOTOVOLTAIC PANEL PLUG-IN

Il fotovoltaico plug and play ? un piccolo impianto solare che pu? essere installato su balconi, finestre o in giardino. L'Autorit? energia elettrica ha disposto regole specifiche per i pannelli fotovoltaici da balcone (impianti di produzione di potenza inferiore a 800 W ivi incluso il caso di impianti di produzione "Plug & Play"). Il consumatore rinuncia a qualsiasi ???

Do not install solar panels above 4000 m (13120 ft) altitude !above sea level. ! Do not allow any chemical substance (e.g. oil, solvent !etc.) to come into contact with any part of the solar panels. The solar panel operating temperature must be between ???40 ?C to +85 ?C (???40 ?F to +185 ?F). Prevent solar panel shadowing.

W plug-in balcony solar panel could save you around ?80 a year on electricity bills. This is considerably less than the ?483 a year that a 3.5 kilowatt (kW) roof-mounted solar panel system could save you. But then again, you can fit far fewer panels on a balcony than on a roof.

Though the lower cost of plug-in solar panels may seem enticing at first, your best bet is to go with a professionally-installed solar panel system. Professional solar installations are visually appealing, increase the value of your home, can ???
