

# SUDAN GO SOLAR SYSTEMS LTD

What is Go Solar Ltd? Go Solar Ltd is a leading Kenyan solar company with over 3000 successful residential and commercial installations since 2003. They guarantee a top class solar power system for both residential and commercial requirements, whether grid-tied or off grid.

How does solar energy work in Kenya? In Kenya, where power cuts are common, solar energy provides a reliable solution. Solar energy works by converting sunlight into electricity. When the sun is not available, alternate back-ups are there to ensure uninterrupted work and electricity consumption.

How does a solar water heater work in Kenya? In Kenya, a Solar Water Heater saves you 70 percent on your annual hot water bills. It does not connect to the public utility grid like Grid-tie systems, but instead heats water using solar energy. We supply and install solar water heaters in Kenya.

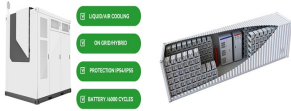

Go-Solar Systems Ltd is a renewable energy company run by highly qualified professionals. We have undertaken numerous projects for Ngo's, governments of Kenya and South Sudan as well as various public and private institutions in the East African region. Go solar was incorporated in the Year 2003 under the Company's Act Cap 486 of the Laws
