Who are sunrays partners with? SunRays are proud partners with many leading brand for solar panels: Canadian Solar Jinko JA Solar Longi Trina Solar Read more Energy Storage Energy Storage

Why should you choose sun rays solar company? Sun Rays Solar Company has developed the most precise, cost-effective, and energy-efficient Solar Water Tubewells across Pakistan. industrial solar energy systems. Offers a smart, modular battery storage solution. Configure your solar power monitoring tools. Provides cost-effective solar solutions with maximum output.

Who is sun rays solar? We provide solar solutions to various commercial units such as hospitals, schools, offices, renowned companies, and organizations of Pakistan. Sun Rays Solar company holds the record of installing the first and second-largest Grid Tied Solar Power Plants for Textile Manufacturers in Pakistan.

How much solar energy does the Vatican produce a year? Thanks to a unique photovoltaic plant installed on the roof of the Vatican Audience Hall, the Papal State has been producing 300 MWh of solar energy every year since its installation in 2008. The project was planned and managed by BayWa r.e. with the PV modules, inverters and its installation donated by solar technology provider, SolarWorld.

How can the Vatican save CO₂? In the heart of the Vatican, we converted 2,134m² of idle roof space into a source of green renewable energy. The energy produced by this plant is directly fed into the Vatican's grid, helping to save around 225 tons of CO₂ each year.
