

# SWEDEN GLOBAL SOLAR HANERGY

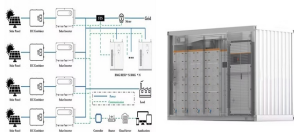

Who is Hanergy solar? Hanergy is one of the largest solar manufacturers in the world, specialised in thin film. It has attached great importance to investing in thin-film solar cell research. Six R&D centers have been established by Hanergy in Beijing, Sichuan, Silicone Valley of the US, and Uppsala, Sweden.

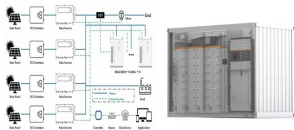

What percentage of solar PV power plants are in Sweden? Of the total global Solar PV capacity, 0.27% is in Sweden. Listed below are the five largest upcoming Solar PV power plants by capacity in Sweden, according to GlobalData's power plants database. GlobalData uses proprietary data and analytics to provide a complete picture of the global Solar PV power segment.

Will solar PV parks gain market share in Sweden? The PV parks that are already in mature development are now much larger than the 20 MW that has been the size limit up until now. Solar PV parks being rolled out above 100 MW do not seem far away, which will likely allow PV parks in Sweden to gain market share more quickly in terms of the total market.

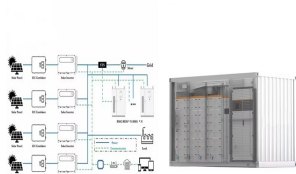

Why is Hanergy a world leader in thin-film solar technology? It has also been the chief developer or involved in the development of more than 10 national and industry standards on solar energy. Through global technical integration and independent innovation, Hanergy has become a world leader in thin-film solar technology.

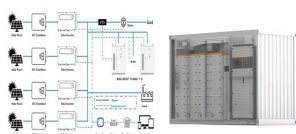

Will EU grant a new solar cell factory in Sweden? Midsummer, Midsummer and the EU sign agreement on EU grant for new Swedish solar cell factory, no. December, 2023. Uppsala Universitet, Solforskningcentrum Sverige, SOLVE, 2024.

# SWEDEN GLOBAL SOLAR HANERGY

Where is Hanergy based? Six R&D centers have been established by Hanergy in Beijing, Sichuan, Silicone Valley of the US, and Uppsala, Sweden. So far, Hanergy has applied for almost 1000 patents in new energy, out of which 60% are invention patents (including core patents from the acquired overseas companies).

The most intriguing part is that Hanergy has also fast-tracked its global expansion with its participation at the Intersolar Europe Exhibition 2019. Sweden's solar market has grown

Incorporated in California as Hanergy Thin Film Power America Inc. and doing business as Hanergy America Solar Solutions, our team has been active in the U.S. market since 2010 and is comprised of experienced energy and finance professionals based in the heart of the Silicon Valley. We were formerly known as Hanergy USA Solar Solution Ltd.

Global Copper Indium Gallium Selenide (CIGS) Solar Cell Market size was valued at USD 1.78 billion in 2022 and is poised to grow from USD 2.09 billion in 2023 to USD 7.43 billion by 2031, growing at a CAGR of 17.2% during the forecast period (2024-2031).

Hanergy, the world's largest clean energy company, has a comprehensive clean energy solution, covering hydro-power, wind-power, and solar power. Since 2009, Hanergy has been focusing on thin-film

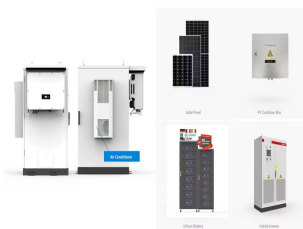

Through continual acquisition of overseas thin film technologies, including Solibro in Germany, MiaSol<sup>er</sup> in the U.S., Global Solar Energy in the U.S., and Alta Devices, also in the U.S., the Group has acquired Copper Indium Gallium Selenium ("CIGS") and Gallium Arsenide ("GaAs") technologies,

Hanergy's solar cells set the world record for conversion efficiency several times, with the newest one being 29.1%. It launched and upgraded handful of consumer products in 2018, including

China's Hanergy now owns Arizona's Global Solar Energy (GSE). GSE was founded almost twenty years ago by UniSource Energy and ITN Energy Systems. Solon acquired Global Solar for \$16 million in 2006.

In the changed post COVID-19 business landscape, the global market for Building Integrated Photovoltaics (BiPV) estimated at US\$17.7 Billion in the year 2022, is projected to reach a revised size of US\$83.3 Billion by 2030, growing at a CAGR of 21.4% over the analysis period 2022-2030

, Hanergy has been working relentlessly to integrate worldwide solar technologies, and making a robust investment in research and innovation in the field of thin-film solar power.

Hanergy signed flexible module supply agreement with Finnish metal roof manufacturer. 2015/12/09 Rome. In November 2015 Hanergy Europe signed a one-year supply agreement of MiaSol? flexible modules with the famous Finnish metal roof manufacturer Virte Metal Coporation's subcompany ??? Virte Solar.. Virte Solar is part of Virte Metal Corporation, ???
