

THE 6TH CHINA INTERNATIONAL ENERGY STORAGE CONFERENCE

When is the energy storage International Conference & Expo (Esie)? The Energy Storage International Conference and Expo (ESIE) will take place on 3 days from Thursday, 10. April to Saturday, 12. April 2025 in Beijing. 10. - 13. April 2024 07. - 09. April 2023

What is the energy storage global conference? The Energy Storage Global Conference offers the opportunity to industry, researchers, and policymakers to exchange views and debate key issues faced by the energy storage sector. The 3-day conference will also explore the extent to which energy storage can help avoid dependency on fossil fuels in order to balance the electricity system.

What is China energy storage Alliance (Esie)? The fair is organized by the China Energy Storage Alliance, which plays a key role in promoting and developing the energy storage industry in China.. At the heart of the ESIE is the presentation and promotion of the latest developments in the energy storage industry.

What are energy conferences in China 2025 2026 2027? Energy Conferences in China 2025 2026 2027 is for the researchers, scientists, scholars, engineers, academic, scientific and university practitioners to present research activities that might want to attend events, meetings, seminars, congresses, workshops, summit, and symposiums.

Where is Esie held? In conclusion, it should be highlighted that the Beijing Shougang Exhibition & Convention Center, as the venue for the ESIE, represents a modern and easily accessible exhibition center in Beijing, offering an ideal platform for this significant international event.
