Game better, do more. Sager NP7860J achieves maximum performance with Intel's agile new Core i7-12700H hybrid processor. It combines powerful P-cores, designed to handle massive monumental tasks like running the most ???

Unleash the power lurking at the heart of NP7858DW. Equipped with Intel's superb new 10th Gen Core i7-10875H processor, the first generation of Intel mobile CPUs that can be boosted to surpass 5.0 GHz clock speeds. Its 8 powerful cores plus hyper-threading provides up to 16 threads to deftly handle heavy multitasking loads for creators and gamers alike. Efficiently ???

Game better, do more. Sager NP7860J achieves maximum performance with Intel's agile new Core i7-12700H hybrid processor. It combines powerful P-cores, designed to handle massive monumental tasks like running the most advanced games and apps, while its efficient specialized E-Cores provide the capacity to blaze through all the smaller ones. The result? A better, ???

Sager Power Systems offers 30,000+ world-class AC/DC and DC/DC power supplies along with an extensive thermal and battery offering from the world's leading manufacturers. Our team of highly trained, technically experienced Power Systems sales engineers work directly with our customers to evaluate and specify standard and value-add solutions.
