by Justin GrayThe year was 2012 when Wagan Tech released the first ever true solar generator in the market known as the Solar ePower Cube 1500. "The Cube" (as we affectionately call it) was an instant success and won awards including "Best in Class" during that year's National Hardware Show. The very next year we began

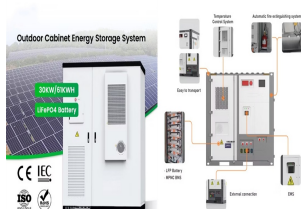

There are 4 main ways that the Solar e Power Cube 1500 and 1500 PLUS models can be charged: Solar, AC, DC, and Wind. Solar Charging There are two way that the Solar Cube can be charged using Solar panels, both ways must have the Master Power Switch turned to the "ON" position. The first way is to open the on-board solar panels.
