

# WARTSILA OYJ SWITZERLAND

Who is Wartsila Oyj Abp? Wartsila Oyj Abp (Finnish: [vartsilae]), trading internationally as Wartsila Corporation, is a Finnish company which manufactures and services power sources and other equipment in the marine and energy markets.

What is Wartsila services Switzerland? In Wartsila Services Switzerland, our purpose is to enable sustainable societies through innovation in technology and services. To support our customers going further on their decarbonisation journey, we develop innovative solutions that are enabling the usage of future and zero-carbon fuels in their two-stroke (electronically-controlled) engines.

What happened to Wartsila? Wartsila acquired John Crane-Lips, which operates within Wartsila under the name Wartsila Propulsion 2001: Wartsila sells its holding in Sanitec and takes ownership of service companies Ciserv AB and Sermet Oy 2000: Wartsila NSD and John Crane-Lips sign an alliance; Metra group is renamed Wartsila Corporation

When was Wartsila founded? Wartsila was established when the governor of the county of North Karelia approved the construction of a sawmill in the municipality of Tohmajärvi, Grand Duchy of Finland on 12 April 1834. The sawmill was soon taken over by industrialist Nils Ludvig Arppe, who built ironworks in the premises. In 1898 the company was renamed Wartsila Ab.

Where is Wartsila located? The Industrial Self-Generation segment also uses power plants for baseload operations and the Oil & Gas Industry segment handles oil and gas operations. The company was founded on April 12, 1834 and is headquartered in Helsinki, Finland. 2013: Wartsila to build and service world's biggest tri-fuel plant in Jordan.
