The Dongfeng Yufeng launched in 2012 was powered by a 3.0 liter fuel injected turbo diesel engine with a maximum horsepower of 136 hp and a torque of 300N?m. Three wheelbase models were available including a 3100mm short wheelbase version, a 3610mm regular wheelbase version, and a 4210mm long wheelbase version. Two variants of roof heights were also offered including a ???

Looks like you are using a 1/2" wide belt, rather than the correct 5/8" wide V belt. The generator main body is post Model A production, as it has 2 wires exiting through a rubber grommet, rather than a threaded metal stud. One of the wires coming out is the black wire from the field winding, and it's grounded under the mounting screw.

The belt has gone in our van der graaf (above model) and I can't find any online available in the UK, just in the US. Does anyone know better? Home. Forums. New posts Search forums. Members. Groups. Winsco N100V Van der Graaf generator belt. Thread starter BevTech; Start date Jun 20, 2024; B. BevTech. Jun 20, 2024

(quoted from post at 20:59:08 09/20/21) I have an 8N 6V. The generator is mounted with a bolt through two brackets on the generator. No matter how I tighten things, over time the generator moves making the fan belt a bit loose.

Message flagged Thursday, 13 September 2012 8:24 AM the point that I am making about the gen belt on the PA22-150-160 is when you buy yhe 65.00 dollar belt from the air parts outfit, it is the exact same dunlop goldseal belt that you buy at the autoparts store for 12.00. so spend your money wherever you want to. but I am saving my 50.00 bucks for other stuff.

Description A2570/A100 V-BELT Width: 13mm The most widely used V-belts are Z, A, B, C and D classical belt. Used more out of habit and convenience than design, these belts can handle fractional to 375 kW drives, usually at the lowest cost. However, they occupy more space, and the drives weigh more than narrow-belt driv

K Model Generator Belt. Post by Happy Boater >> Sun Feb 24, 2008 8:53 pm Does anyone know were I can find a new generator belt for my KLC?.. If anyone has the spec's that would be helpful.
